FRIENDS ARE SAFE.

Dr. McNary's Home in San Jose
Wrecked but Nobody Hurt

Miss Eliza Wilkins Remained in Southern
California and Missed the Earthquake.

MISS CHARLOTTE BLACK
AND OTHERS HEARD FROM.

On Sunday Paul M. Moore received a telegram from J. D. McNary, of Colusa, Cal., saying: "Brother and family safe in San Jose. House badly wrecked. No damage here."

This message was dated the 10th. Thursday, and sent from Colusa, which is some hundred and fifty miles north of San Jose, in the Sacramento valley.

Monday Mrs. Walter Powers, of Madisonville, Dr. McNary's daughter, received a letter from home which told of the almost complete wrecking of the house, confirming the telegram that nobody had been hurt, and saying that the family was "living in the barn and cooking in the yard." Dr. McNary is a native Kentuckian who moved from Nebo to California some years ago.

Miss Eliza Wilkins, of Madisonville, who left home on the 2nd day of April for a California tour and visit to friends, on the 10th, intended to visit Dr. McNary's family. For some reason her plans changed in time to save her from an earthquake experience. Letters have been received from her dated at Riverside, which is some three hundred miles south of San Jose and entirely out of the region affected, and it is supposed she was there at the time of the disaster.

News also comes of the safety of Mrs. William Walton, Miss Charlotte Black and their mother. Mrs. Mary Black, at the San Jose home of Mr. and Mrs. Walton. Mrs. Walton and Miss Black are cousins of Mrs. Jno. B. Atkinson and Mrs. Paul M. Moore. Miss Black and her mother, of Bordertown, N. J., are visiting there. At the Walton home an outside chimney was wrecked and some damage done to the interior but no one was hurt. Another cousin, Mr. Al Newbold, of San Francisco, has been heard from and is safe.

Spalding Kosure, son of Mrs. Vida Kosure, of Madisonville, for whose safety his mother feared, was outside of the disturbed district and safe. He wrote that he was in Montana.

Later news was received by friends yesterday, Miss Wilkins was at Riverside at the time of the earthquake and expects to visit San Jose later.

Dr. White, of Madisonville had been anxious for his brother and wife, who was a Colusa lady. They lived at San Francisco. Dr. White has now heard that all are safe.

A brief letter from Dr. McNary, which was received by Mrs. Powers yesterday, tells of a Melville escape. The doctor and his wife, when the first tremor came they sprang out of bed. Almost immediately a heavy wardrobe and a window, casing and all, fell upon the bed they had just vacated and before they could leave the room the whole floor sank under their feet. They were on the second floor. How they escaped they cannot tell, but no one in the house was hurt. Besides Dr. and Mrs. McNary, his elder daughter Mrs. Pontius, and Mrs. J. D. McNary, of Colusa, Cal., were in the house at the time.

THREE HOUSES DESTROYED

By Fire at Madisonville Monday—Were Occupied by Negroes.

A fire which came very near being disastrous destroyed three houses occupied by negroes in Madisonville Monday morning, threatening the Buckeye spoke factory, and it was only by the heroic efforts of the fire department that the factory was saved.

The houses were owned by W. J. Bailey, and the loss is \$400 or \$500, which was mostly covered by insurance.

GRAND MASTERS' CALL TO MASON'S.

Every Member and Every Lodge in Kentucky Asked to Contribute to San Francisco.

The Masons of Kentucky have been called on to contribute to the relief of San Francisco, Cal., as follows:

"Urgent to Freemasons of Kentucky:

"An appalling disaster has overtaken San Francisco, Cal., by which hundreds of thousands of men, women and children have been made homeless, unknown numbers of lives crushed out, and hundreds of millions in property destroyed, with the accompanying suffering that all this entails. The magnitude of suffering and loss cannot be told or given, and a moiety of it can be appreciated, yet it appeals to the intelligence and heart of every man and mason with irresistible force."

"The Grand Treasurer, Brother John H. Leathers, Louisville, Ky., will receive contributions and send the same to the stricken and suffering of California, and the Grand Master deputized trusts that every Mason and Masonic Lodge in Kentucky will not fail to send a contribution to our Grand Treasurer for the purposes named, however small the amount may be, and that this will be done at once. The need is urgent; let there be no delay."

"By order of
GRAND MASTER JAMES GARNETT.
H. B. GRANT, Grand Secretary.
From the Grand East, April 21, 1906."

PIONEER CITIZEN DEAD.

Isiah L. Fox Dies Suddenly at the Home of John W. Twyman at Hopkinsville.

Isiah L. Fox, a pioneer Earlinton citizen died suddenly at the home of his daughter, Mrs. John W. Twyman, on Tuesday morning, April 24, at the age of 73 years. The cause of death was heart failure, soon after arising. His death was wholly unexpected. Mr. Fox had been in poor health for many months, but it seemed only the falling strength of declining years. The sinking spirt to which he had for some time been subject were attributed to nervousness.

The deceased was born in Hopkins county, on the old Towns place, near Earlinton, in November, 1832, and lived in this country, his life until last year, when he went with his son, John W. Twyman to Hopkinsville at the time Mr. Twyman found employment there. He was for many years a familiar figure here and everybody was his friend.

Three children, Frank Fox of this city, and Hampton Fox and Mrs. John W. Twyman of Hopkinsville survive.

The remains were brought here on yesterday's noon train and given interment at Grapevine cemetery beside the grave of his wife, who preceded him nearly two years ago.

Brief services at the grave were conducted by John R. Evans, who has for years been a co-worker with the deceased in the Missionary Baptist church. The pallbearers were Messrs. J. M. Oldham, B. W. Long, W. R. Coyle, Lee Oldham, Carl Woolfolk and George O. Toy.

Madisonville Woman Injured in Runaway.

Mrs. Mollie Egbert of Madisonville was seriously injured in a runaway accident in that city Tuesday morning.

Mrs. Egbert had gone from the home of her daughter, Mrs. J. A. Winstead, to visit a neighbor. Her grandson, who drives a delivery wagon for Dunkerson's grocery, came to drive her home. When they reached there and Mrs. Egbert was getting out of the wagon the horse became frightened and, before the boy could reach its head, dashed down the street.

Mrs. Egbert fell backwards, striking her side and head on the ground, rendering her unconscious.

An examination showed no bones were broken, but there were internal injuries.

Mrs. Egbert is 76 years old and weighs about 200 pounds.

RAILROAD CHANGES MADISONVILLE PLANS

Negotiations off for Purchase of
Additional Rights of Way on
Present Line.

GENERAL WORK OF REDUCING GRADES.

There is something of a stir at Madisonville over the announcement of withdrawal by the L. & N. Railroad of all negotiations for the purchase of the Nisbet, McLaughlin and other property for which they have been offering, to give them additional track facilities through that town. The difficulty has been the prices which property owners have asked and the unwillingness of the railroad people to meet their figures.

It is reasoned that if the railroad people cannot go through the centre of Madisonville with additional tracks they will go around but the route cannot be guessed. One thing is reasonably certain in this connection, that every effort is being directed to lessening grades on the Henderson division now and in the passage through or around Madisonville this idea will probably be carried out if practical.

Supt. Jno. W. Logsdon was here Tuesday but had nothing to say for publication in this connection.

There is now a corps of engineers camped just south of the longer grade proposition and expect to establish a general grade over the Henderson division that will bring the line nearer to a level than has been generally imagined possible.

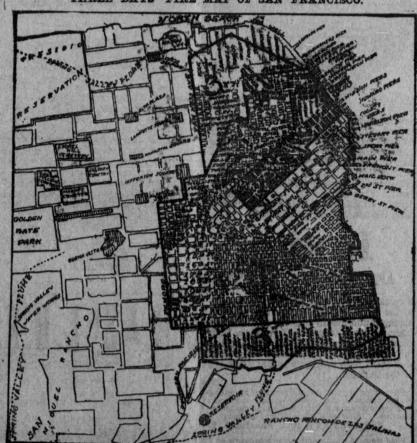

Henry Jones Accidentally Shot While on Duty.

Last Thursday night shortly after Watchman Henry Jones went on duty he was shot in the calf of the left leg by Roy Henry, a young man, who was across the street from Jones. The weapon used was a Savage rifle which inflicted a painful wound. Henry on firing the shot ran without waiting to see the extent of the injury or to offer any explanation of the act. No arrest was made as the shooting was thought to be accidental.

Hall-Brewster.

R. H. Hall and Mrs. Sallie Brewster of Madisonville surprised their friends by quietly carrying on the home of the bride on Main street, Monday evening. Prof. Smith officiating. Mr. Hall is a member of the firm of Morton & Hall, in Madisonville, and a well known business man. Mrs. Brewster is an estimable woman and a native of that city.

EARLINGTON DRAMATIC CLUB CONTRIBUTES TO SAN FRANCISCO

Donates \$50 Out of Treasury and Will Give Benefit at Providence.

ESTIMATED COST TO THE RAILROADS.

Free Relief Work During Next Thirty Days

WILL AGGREGATE ABOUT \$3,450,000.

Chicago, April 24.—It is estimated that free relief work for San Francisco during the next thirty days will be about \$3,450,000. The cost of one train of provision from Chicago to San Francisco is \$12,000. In addition to freight there is free passenger service in the state of California. None of the roads require payment for fare from refuges, but give free transportation to people in California. Trains have been provided to the steps for several days with the destitute people of San Francisco seeking places elsewhere out in the state and the doors of every town and hamlet in California are open with a hearty welcome.

CHERRIES \$100 EACH.

California Fruits Sold at Auction for Charity's Sake.

Portland, Ore., April 24.—A special to the Oregonian from Grant's Pass, Ore., says that at 1:12 o'clock Monday morning an earthquake shock was felt, accompanied by rumbling noises which were plainly audible.

Nearly everyone in town was awakened. Furniture moved in the houses and several windows were cracked, but no serious damage was done.

The shock lasted for fifteen to twenty seconds and its course apparently was from east to west.

Another Town Has Earthquake.

Portland, Ore., April 22.—A special to the Oregonian from Glendale, Ore., says that an earthquake shock was felt there at 1:11 o'clock Monday morning. The shock was sufficiently severe to rock buildings and rattle chimneys in the houses.

Shock Recorded in Washington.

Washington, April 23.—The seismograph of the weather bureau recorded a very feeble earthquake shock, beginning at 11:15 a.m. of April 22, continuing until after 5 o'clock. The strongest part of the disturbance occurred from about 4:29 to 4:32 a.m.

This disturbance, as registered at Washington, was very feeble, as compared with the records of the great earthquake that recently occurred at San Francisco.

Light Tremor at Medford, Ore.

Medford, Ore., April 24.—A slight but distinct earthquake shock was felt here about 2 o'clock Monday morning. No damage was done.

FIRE IN LUZON TOWNS

Thousands Homeless and Starving in Mariguina and Pasil as the Result of Sweeping Fires.

Manila, April 21.—Fire swept the town of Mariguina, in Rizal province. Many thousands are homeless and starving. Two thousand dwellings are in ruins. The government has sent out relief.

Also destroyed Pasil, near the town of Cebu. Two hundred dwellings were burned and many persons are homeless.

PORTO RICO JUDGE QUITS

Federal Judge McKenna Telegraphs His Resignation to the President.

San Juan, Porto Rico, April 24.—Charles F. McKenna, of Pittsburgh, Pa., judge of the federal court of Porto Rico, has cabled his resignation to President Roosevelt. It is reported here that the bar association is responsible for Judge McKenna's sudden resignation.

Four Lives Lost in a Fire.

New York, April 24.—Four lives were lost, early Sunday morning, in a fire which swept away a stable and a row of three-story frame flat houses in West Second street, near Park Place, Coney Island, and nearly thirty families were rendered homeless.

KING HAASON'S CORONATION.

Carlsbad, April 21.—The coronation of King Haason will take place in the last week in June.

MUNNELL WILSON NOT IN RACE.

Congressman Stanley has a Clear Field for Nomination.

Representative Munnell Wilson did not qualify as a candidate for the Democratic nomination for Congress in the Second district, having decided to leave the field to Congressman A. O. Stanley, who will now have no opposition for the nomination.

Mr. Charles Martin Muhlenburg County Files Suit for Alimony.

Mrs. Charles Martin wife of a well known Muhlenburg county farmer, has brought suit against her husband John H. Martin for \$10,000 alimony but not for divorce. Mrs. Martin claims that her husband abused and treated her cruelly and that she was forced to leave him.

Mrs. Martin was formerly Miss Charlie Glenn Hobgood of Hanover and was married last January to Mr. Martin.

New Railroad Work to Begin.

It is believed that work on the Madisonville-Hartford and Eastern railroad will be begun in a short while.

Bids were received Monday for the construction work and it is expected that the contract will be let shortly.

There is no sort of doubt that this line will be built and quickly.

Tomorrow never comes; therefore prize today.

It Pays to Advertise.

LET'S ALL DIG.

The work of beautifying homes is going on in encouraging fashion in Earlinton in many quarters, but everybody can do something if they will.

Let's get busy.

Spring time is the accepted time. Plant and prune and cultivate now and enjoy verdure and flower and fruit the season through.

We called attention to this last week and urged a general movement for these betterments that come with so little effort if properly directed at this time of year.

There are so many little things we can do that will count. There are trouts to clean—along where the pavement ought to be but where the winter coal pile was carelessly dumped or where the ashes have been heaped. Only in spots, we are thankful, do such conditions exist, but these spots should be cleaned up vigorously, and it will not be hard to do it.

If there is a place that does not afford a garden spot, so much the easier will it be to make the little front yard yard plot green and blooming. Not a foot of cultivable ground should be allowed to remain bare and unyielding about the little home place in Earlinton or any other town in Hopkins county. Those who have not known the pleasure of making two blades of grass grow where but one grew before should get out the rusty hoe and spade this very day and put in seed, plants and trees.

It was a wise man who advised the lad to plant trees and admonished him that the tree would grow while he slept.

Let's all dig—and plant.

EARTHQUAKE LESSONS.

All men are not bad who may have a few hundred thousand dollars, or even a few millions, at their command. All are not righteous who are poor. The fearful San Francisco disaster is full of weighty lessons, not the least of which is the overwhelming proof that the human heart is one alike in high and low station and will respond unfailingly to human suffering. The gifts, big as a king's ransom, that are being poured out of the banks of wealthy men of this country into the relief fund for the earthquake sufferers and the smaller hearty offerings of the poor ought to and will prove a very cement of brotherly love to bind together all phases of our national life, and should make us forget all the rant about "classes" and "masses" of which the demagogue is so fond.

This farming interests are encouraged all over Kentucky by the fine, seasonable weather that has permitted all farm work to go on in a very satisfactory way. There is a good start and a good outlook for crops generally.

Stockholders' Meeting.

The annual meeting of the Stockholders' of the Aptontree Coal Company is called to convene, in the office of the Company at Earlinton, Ky., on Wednesday, May 2nd 1906, at 11 o'clock a.m.

10,000 POUNDS OF OLEO
Held by Internal Revenue Agents
Who Seized It Because It Was
Marked Butter.

More than 10,000 pounds of colored oleomargarine, which was seized by agents of the Internal Revenue office, are now in possession of the United States. The product is in cold storage, where it is being kept below freezing.

The colored oleo was manufactured by the Regal Pure Food Company, composed of Edwin Sutherland and T. H. Werries. It was being sold as "extra fine creamery butter," so it was revenue agents who seized it because it was found to be oleomargarine instead of butter. The penalty is a fine of \$1,000 and the maximum punishment from one to five years. Mr. Sutherland, one of the proprietors of the Regal Pure Food Company, has engaged a lawyer and is pushing the cases against Collector Craft to recover money paid as special tax by Louisville oleomargarine dealers. These cases are now pending in the United States court.

MT. CAPULIN IS WAKING UP

New Mexico's Extinct Volcano Resumes to Life Following Earthquake Shocks.

Trinidad, Col., April 22.—Two days.

Mount Capulin is 10,000 feet high and was active half a century ago, when it wiped out two towns and caused heavy damage to the country.

The volcano is surrounded by numerous prosperous towns, of which Pecos, with a population of 2,500, is the largest. Among them are Troy, Borup, population 200; Emery Gap, 150; Durango, 250; and Alpine, 100.

WILL BE NO CLASH OF AUTHORITY

DR. DEVINE HAS ARRIVED IN
SAN FRANCISCO.

TO DIRECT RED CROSS WORK

The General Committee Assured
That the Red Cross Representa-
tive Will Work in Harmony
With Them.

San Francisco, April 24.—It was announced at the meeting of the general committee, Tuesday, that Dr. Devine, who has been placed in charge of the Red Cross work, has arrived and would immediately confer with Mayor Schmitz. There seemed some doubt as to the exact time that President Roosevelt's proclamation turning over matters to Dr. Devine would put the municipal committee in the background, but the committee has been assured by Congressman Kahn that Dr. Devine has been sent to co-operate with the United States Government in carrying out the statement, saying that he had been in communication with Secretary Taft by telegraph. A general conference will be held at Fort Mason by Mayor Schmitz, Gen. Greeley, Gen. Funston and the city finance committee. At this conference all questions of procedure will be settled. The relief and medical committees have reported that all refugees are being cared for, and there is plenty of food. If anything, supplies are being distributed too lavishly, but measures to economize will be put in force at once.

Dr. Ward, of the board of health, reported that the conditions were first class, and that there was very little sickness of any kind.

"There is absolutely no danger of an epidemic," said he. He said thousands were at work removing garbage and improving sanitary conditions all over the city.

ARRIVAL OF THE WRECKAGE.

San Francisco, April 25.—As a welcome relief to the officials and citizens of San Francisco who have looked upon the ruins of the city and upon the monstrous piles of bricks and stone and twisted iron that were once their homes and places of business, it is announced that the Southern Pacific railway will aid in any way in the work of tearing away the debris. The railroad officials are ready to build a track through the heart of the devastated city from Harrison street to the bay, and to run their flat cars for the removal of what may have survived before new buildings can arise and normal conditions will be restored. In this great work, it is announced that between 3,000 and 4,000 men will be employed. The railroads will carry the debris wherever the authorities want it taken, and will do all in their power to make the performance of the enormous task that has been terrifying to those who looked forward to it, with the knowledge that it must be done.

Temporary Shelter.

San Francisco, April 25.—Temporary structures are being erected in Golden Gate park for the housing of 40,000 people. The first 1,000 have been placed Tuesday morning by the shelter committee, and the homeless who have been sleeping out of doors for nearly a week are moving into comfortable quarters. About the same time a supply of blankets and bedding was received, and these have been taken to the men present there in the morning and before which it is expected the refugees here will be comfortable. These temporary structures have been built to accommodate about 1,000 people each, but the work of improving them will be vigorously attended to.

At the meeting of the committee is sending as many of the refugees as possible to interior points.

Food Distribution.

The city has been laid off in districts covering areas of four blocks. The sub-committees in these districts regulate the supply of food furnished to the families. The work is now being conducted by the office of Oscar D. Cooper, chairman of the committee in forming these committees, to prevent the waste of supplies. He is determined there shall be no destruction, and that every particle of food sent here shall be properly used. His plan is to see that no householder shall be allowed to receive more than the retail house among the grocers. With that end in view, he has recommended that all the small dealers having stores in the unburned district shall at once throw open their doors, and as incentive he has promised them full protection.

Amendment to Constitution.

The California division of the Red Cross society, which has established temporary headquarters on Washington street, is working day and night, aiding the sick and destitute. According to its reports the general health is good, most of the thousands of cases of temporary disability are minor, so soon as a case of sickness is reported the sufferer is taken into one of the many Red Cross stations established in the western addition, and at the present time there is no epidemic.

San Francisco, April 25.—"Say to the people of California, of the United States and of the world that there is no epidemic in San Francisco and no danger of one. If we are not entirely free of contagious diseases, we at least have fewer of them than we have under the circumstances any right to expect. Indeed, we are at this moment fewer cases of such disease than we had a month ago, and there is nothing in the present condition of affairs in San Francisco that would lead us to medical

men to fear an outbreak. The sanitation of the city is absolutely under control. We wish to impress this upon the people of San Francisco and of the outside world, for I have information that leads me to believe that alarmist statements have been made. Certain sources in San Francisco, may report in an embargo being placed upon the movements of refugees from the city.

"The calamity we have endured is certainly unfortunate without adding to it the additional and unwarranted distress."

This statement, made by Dr. J. W. Ward, chairman of the health committee, at the meeting of the general committee.

Preparing to Pay Out.

San Francisco, April 25.—The high officials of the clearinghouse of San Francisco held another meeting yesterday. The principal business transacted was the decision to appoint a general committee of nine with full power to provide means for the paying of debts in general and to make all necessary arrangements for the resumption of business in every branch by the banks.

After the meeting Homer S. King, president of the clearinghouse association, who is presiding at the present conference, said:

"We have been arranging to pay out funds as rapidly as possible, and by the end of the day we have reached an understanding with the United States officials whereby the money will be paid at the start. Details of the plan have not yet been fully worked out, and we will not be able to pay out any money for several days."

BATTLE WITH INDIANS

An Unverified Report of a Battle
With Indians On the Umatilla
Reservation in Oregon.

Pendleton, Ore., April 25.—A report has reached here, which can not be verified, owing to telegraph wires being cut, that Indians have been attacking the Umatilla Indian reservation between cowboys, Indians and troops. It is reported that three soldiers and three Indians were killed. It is alleged that some cattlemen had driven stock into a remote part of the reservation. The Indians at first were protested, but were resisted. The troops are said to have gone to the Indians and the battle resulted. At Adams, the nearest point to the scene, the rumor is fully credited.

PHILIPPINE RAILROADS

The First Corps of Civil Engineers
to Construct Government Roads
Have Departed.

Kansas City, Mo., April 25.—The first corps of civil engineers sent to construct railroads for the United States government in the islands of Panay, Negros and Cebu left Kansas City Tuesday night in special train over the Burlington railroad for Seattle, where they will sail for the Philippines on the steamer Minnesota on Saturday next. The party includes doctors, stenographers, office men, and in fact an entire railroad organization.

Philippine native labor is to be used entirely in the actual work of the construction.

MEXICAN GIRLS MISSING

Two Daughters of Vice-President of
Mexico Are Missing in
San Francisco.

Washington, April 25.—Vice-President Carrillo of Mexico has requested the department of state to have the military and local authorities of San Francisco make a search for his two daughters, who, he fears, have been lost in the earthquake.

The young women were attending school in California when the calamity occurred. One was in San Francisco and the other was in San Jose. Nothing has been heard of them since San Francisco was destroyed. Secretary Root has requested Gen. Funston to make an effort to locate them.

WAS GUILTY OF PEONAGE

Arkansas Planter Pleads Guilty to
Compelling Negroes to Work
Out a Debt.

Little Rock, Ark., April 25.—John Dickey, a prominent planter, residing near England, Lonoke county, pleaded guilty in the federal court to a charge of peonage. His punishment was fixed at a fine of \$1,000 and costs, which he promptly paid and was discharged from custody.

It was alleged that Dickey held in a condition of peonage Lucy Lunsay, a negro, compelling her to work on his plantation to discharge a debt he had contracted.

Fatal Dispute Over Fifty Cents.

Elmo, Mo., April 25.—Carleton Betts, a man of this place, was struck on the head with a double-barreled shotgun by Alfred Betts and died in a few hours. The trouble was over 50 cents.

Carleton and J. T. Turner hired a rig from Frank Betts, a liveryman of this place. When they returned there was a dispute over the price of the rig.

Betts said he was not paid, while Carleton and Turner asserted they were to pay \$2. Betts charged them \$2.50. For a time it looked as though there might be a lynching.

Role Resolution Signed.

Washington, April 25.—President Roosevelt has signed the joint resolution of congress appropriating \$1,500,000 additional for the relief of the San Francisco sufferers.

Castro Has a Stroke.

New York, April 25.—A cable dispatch from the Hotel from W. W. Cawelti, said:

"Former President Castro has had a slight stroke of paralysis,

but has now recovered."

At a regular meeting of Zadok Lodge No. 30, F. & A. M., held April 12, 1900, the following resolutions were adopted:

Whereas, It has pleased Him who doth all things right to call from the labor of this life into a home in Heaven our beloved brother, J. B. Hawkins, who was made a Mason Nov. 16, 1900. Died March 22, 1900.

Whereas, In him the rough, ashen of imperfect human nature was shaped and fashioned the virtues and more especially the perfect assher, a fit component part of this building not made with hands but in the celestial lodge above.

Whereas, He has reaped his life by the plumb line of justice, and squared his actions as square of truth and virtue as to make it fitting for us to mourn his departure of him as a man and a Mason.

Therefore, it is Resolved, That in his death Zadok Lodge has lost one of its noblest and strongest members. Free Masonry of its bravest and warmest supporters, his family a devoted and indulgent husband and father and the community a worthy and upright citizen.

Resolved, That while we extend the deepest sympathy to his relatives and friends of the deceased we express an earnest hope that so great a bereavement may be overruled to the highest good.

Resolved, That a copy of these resolutions be spread upon the record of this Lodge and be published in the Earlington Bee and that the brethren on the panel wear the badge of mourning for 30 days.

"The Hoosier Girl."
The rural three act comedy, "The Hoosier Girl," was presented to a very large and appreciative audience at the Temple Theatre Monday evening. Miss Kate Watson as Roxanna Peabody, "The Hoosier Girl," and Gus Cohan as Heinrich Whetzel, the humorous Dutchman, kept the crowd in good spirits and a mirthful state of mind by their droll sayings, songs and flashes of wit and humor. The play was a typical one of the Hoosier state and of the farm life on the banks of the Wabash. A humorous vein permeated the entire production.

The Beggar Prince.
In that refreshing comic opera is combined all the elements of a genuine entertainment. An interesting story, ringing on the ear, and illustrations of the Beggar Prince and abounding in catchy music, pretty dances and witty dialogues, seems to be the chief attraction. One of which Miss Etta Morris, the clever comedienne, is a leading member. There is no marking, no crime, no suggestion of evil, nothing but fun and gaiety. A newspaper man after witnessing a performance of this play remarked, "It leaves you with a pleasant taste in your mouth and a feeling of happiness and good will to all mankind." Fred Godding is leading comedian. At Morton Theatre. Prices 25, 35, 50 and 75 cents.
